## CERAMIC TILE & GROUT CLEANER

Product # 146

### DESCRIPTION

Safely cleans and deodorizes toilet bowls, urinals and all porcelain surfaces. Pleasant to use, non-fuming. Safe for septic tank systems. Clings to vertical surfaces for maximum penetration. Cleans by chemical action: just spray it on and watch it work.

Removes dirt, grease, grime, soap scum, hard water stains and discolorations. Restores badly soiled tile and grout to its original beauty. Safe on plastics, metal and ceramic tile. Cleans soiled grout without loosening tiles.

### USAGE

Recommended for commercial, institutional, educational and industrial use to clean and maintain tiled areas such as: shower stalls, tub enclosures, powder rooms, splash panels, bathrooms, locker rooms, kitchen walls, counter tops, etc.

### DIRECTIONS

For cleaning vertical surfaces use undiluted. Apply cleaner onto soiled area. Spread and allow to cling and penetrate for 3-5 minutes. Clean tile with sponge or cloth. Clean grout with stiff bristle brush. Rinse thoroughly. Be certain to rinse before cleaner dries so as to avoid unnecessary scrubbing.

For cleaning horizontal surfaces, dilute cleaner 1 to 1 with water depending upon the degree of soiling to be removed. Apply, spread and allow cleaner to penetrate for 3-5 minutes. Follow procedure as described above. Cleaner should not remain on fixture for more than 5 minutes. Do not use on marble or stone

### PRODUCT SPECIFICATIONS

APPEARANCE	Clear liquid emulsion
VISCOSITY @ 77°F	Water Thin
ODOR	Acidic
SPECIFIC GRAVITY at 77°F	1.06
WEIGHT / Gallon at 77°F	8.84 lbs.
WATER SOLUBILITY	100%
pH IN CONCENTRATE	1
RINSING PROPERTIES	Free Rinsing
ABRASIVES	None
ACID CONTENT	34% Muriatic Acid
PACKAGING	55- 35- 15 Gallon drums 5 Gallon pails Cases of 6/1 Gallon jugs

### SAFETY INFORMATION
