

ANTIBACTERIAL Hand Soap

Product # 265

DESCRIPTION

Make your office and workplace a healthier environment by effectively reducing bacteria and germs.

The Antibacterial Hand Soap with a smooth, creamy feel, leaves your hands clean and moisturized. Excellent foaming, pleasantly scented, high concentration and biodegradable.

Uses a broad spectrum antimicrobial agent which is effective against bacteria (both Gram positive and Gram negative) and fungi (yeast and molds.) It is bactericidal in addition to bacteriostatic.

USAGE

Intended for use by households, hospitals, nursing homes, clinics, food processing plants, restaurants, offices, hotels, shower rooms and anywhere there is a need for an effective, antibacterial hand cleaner.

DIRECTIONS

Apply to hands and arms and massage its copious lather well into the skin. Rub well for several minutes adding small amounts of water. This will allow the skin to derive the full benefits of the outstanding cleaning agents and the broad bacteriostatic spectrum contained in this formulation. Rinse hands and arms with water.
