

Lemon Oil

FURNITURE POLISH

Cleans, Polishes, Protects

Product # 270

DESCRIPTION

LEMON OIL is a blend of proven cleaners and special oils for polishing the finest furniture. LEMON OIL polishes, nourishes and moisturizes fine wood surfaces and is widely used by professionals in piano and furniture repair shops as well as by personnel entrusted with maintenance of church, office and institutional furniture. It is much appreciated as a fine rejuvenator of furniture as it cleans and gives shine to worn and dull surfaces.

LEMON OIL cleans by removing soil that hides and clouds fine finishes. Cleans, waxes and polishes in one single operation. Quickly removes dust, grease, smoke, fingerprints, smears and smudges. You can use it virtually anywhere. It has a delightful lemon scent and leaves a tough, shiny greaseless surface. It is especially useful for dull, waxed finishes. In addition, LEMON OIL is superior for maintenance of high grade stainless steel by removing fingerprints, and leaving a bright protective coating for easy future maintenance.

USAGE

Recommended for commercial, institutional and educational use, furniture repair shops, cleaning and maintenance personnel. Effective on wood, porcelain, stainless steel, metal, desk and counter tops and many other surfaces.

DIRECTIONS

Pour a small quantity of LEMON OIL on a soft, slightly dampened cotton cloth. Clean one article at a time, rubbing until all dirt and stains have been removed. Allow to stand a few minutes, then with a dry cloth rub briskly with the grain or texture of the steel or wood for polishing.

For dusting, pour a small quantity of LEMON OIL into the folds of a dry cotton cloth, working it well through the folds. Use the cloth for daily dusting. It will gather and hold dust and keep surfaces bright at the same time.

For floor mops, pour LEMON OIL on the clean mop head to enhance the dirt pick-up qualities of the yarn. Replace the oil after each washing.

PRODUCT SPECIFICATIONS

APPEARANCE	Clear liquid
FRAGRANCE	Lemon
VISCOSITY @ 77°F cps	Water Thin
WEIGHT / Gallon at 77°F	8.34 lbs.
WATER SOLUBILITY	No
SHELF LIFE	1 Year in unopened container
PACKAGING	55, 35, 15 Gallon drums 5 Gallon pails Cases of 6/1 and 4/1 Gallon jugs

SAFETY INFORMATION

CAUTION

KEEP OUT OF REACH OF CHILDREN. DO NOT TAKE INTERNALLY.

Harmful if swallowed. If swallowed, do not induce vomiting. Immediately call physician.
