

Chlorinated MACHINE DISHWASH

AUTOMATIC DISHWASHER LIQUID

Product # 298

DESCRIPTION

Biodegradable formulation of surfactant, synergistic boosters, and sequestering agents to boost protein soil removal. Prevents stain build-up.

Contains chlorine for de-staining and a high ph to assure best results on glassware, stainless steel, silver, chinaware and plasticware. Cleans tough food and grease stains. Prevents water spots and leaves dishes sparkling clean.

USAGE

Recommended for household, commercial, institutional, educational and industrial use.

DIRECTIONS

DO NOT USE ON ALUMINUM.

Use 3 - 5 ounces for each 3 gallons of water in wash tank. Contains alkaline detergents.

SAFETY INFORMATION

CONTAINS ALKALIS

MAY BE HARMFUL IF SWALLOWED. AVOID CONTACT WITH SKIN, EYES OR CLOTHING. KEEP OUT OF REACH OF CHILDREN.

External contact: flood with water. Then wash with vinegar.

Eyes: flush with water with 5% boric acid solution. If irritation persists consult physician.

If swallowed: Do not induce vomiting. Give water with large amounts of diluted vinegar, lemon or orange juice. Follow with milk, or white of eggs beaten with water. Call a physician.
