Product # 456

DESCRIPTION

Your air conditioner's condenser and evaporator coils need to be kept clean for your equipment to run efficiently and last longer. **SAFE-X** foaming coil cleaner is a time-tested formula that effectively removes lint, grass, leaves, insects, feathers and smoke film from indoor or outdoor condenser coils. This product is excellent also for the removal of rust, scale, hard water deposits and organic deposits from iron, steel, copper, bronze and brass. Brightens as it cleans. Can be used by immersion or by circulation. Contains special inhibitors to protect metal parts.

USAGE

Recommended for commercial, institutional, industrial and household use.

DIRECTIONS

AIR CONDITIONER COILS & STEAM CLEANERS: Dilute 1 part product with 4 parts water for heavy lime and scale accumulation, 1 to 8 for light accumulation. Circulate until all lime and scale are removed. Flush.

May also be used in *dish washing machines and boilers*, diluting 1 part product to 20 parts water. Circulate dilution until all scale is removed and then flush with warm water.
